Dear Global Village Champions C/O Mr. Yank Barry

The Social Services of Kaliningrad would like to thank you for your Vita Pro Soya donation. Due to our present economic situation our city is unable to feed many of our poverty families and individuals especially the elderly and the abandoned. Many of our institutions do not have enough nutritional food for our orphans and sick. This soya product goes a long way to feed many and we are grateful for your concern for our city.

Please come to Kaliningrad and visit our city. We would be glad to show you our social projects and how we are trying to better the lives of those caught in the poverty cycle.
